
Domain Type:
morphosyntactic
phonological
indeterminate
ciscategorial selection broad
suprasegmental tone deletion maximal h deletion
suprasegmental tone insertion maximal h insertion
recursion based nominalization minimal instrumental nominalization
recursion based syndetic maximal different subject
recursion based nominalization maximal instrumental nominalization
recursion based same subject maximal same subject
recursion based asyndetic maximal asyndetic
suprasegmental tone insertion minimal h insertion
ciscategorial selection narrow minimal
suprasegmental tone deletion long distance tone reduction h h>l h
