
Domain Type:
morphosyntactic
phonological
indeterminate
suprasegmental tone deletion maximal h deletion
proform
nonpermutability maximal
free occurrence maximal
suprasegmental tone deletion minimal h deletion
suprasegmental accent maximal intensity
recursion based minimal tihi conjunction
suprasegmental tone insertion maximal h tone insertion
noninterruption complex
noninterruption simplex
suprasegmental tone insertion minimal h tone insertion
suprasegmental accent minimal intensity
segmental consonant insertion glottal stop insertion
segmental consonant assimilation alveolarization
recursion based naxeni
recursion based compound
1 2 3 4 5 6 7 8 9 10 11 12
Positions on the nominal planar structure
