
Domain Type:
morphosyntactic
phonological
indeterminate
recursion based asyndetic maximal first second person p
free occurrence maximal
suprasegmental accent maximal
nonpermutability rigid
noninterruption simplex
nonpermutability rigid verb conditioned variability
segmental consonant assimilation verb conditioned variability
recursion based asyndetic minimal
free occurrence minimal
deviations allomorphy person marking
suprasegmental accent minimal
segmental vowel insertion minimal vocalic epenthesis
