
Domain Type:
morphosyntactic
phonological
indeterminate
recursion based asyndetic maximal
recursion based asyndetic minimal
free occurrence maximal
segmental vowel deletion h−metathesis vowel deletion, h−metathesis+vowel deletion
segmental vowel deletion final apocope
segmental syllabification syllabification
nonpermutability rigid maximal
noninterruption
ciscategorial selection maximal
deviations allomorphy maximal
suprasegmental accent maximal domain of superhigh assignment
suprasegmental accent minimal domain of superhigh assignment
free occurrence minimal
ciscategorial selection minimal
