Domain Type: morphosyntactic phonological indeterminate
recursion based asyndetic maximal clause juxtaposition
segmental vowel−consonant deletion suffix deletion
suprasegmental accent minimal stress
free occurrence minimal
ciscategorial selection narrow maximal
ciscategorial selection minimal
recursion based nominalization minimal clausal nominalization
noninterruption limitative lla
noninterruption complex
recursion based asyndetic minimal clause juxtaposition − strict
recursion based asyndetic minimal clausal juxtaposition − lax
nonpermutability maximal chi (13) and chi (18) = one morpheme
segmental minimal
